**2101 W. BROADWAY PMB 326 COLUMBIA, MO. 65203**

**PHONE/FAX: (888) 571-0958 PHONE: (636) 410-0251 FAX: (636) 410-0257**

### **PERSONAL HISTORY**

**FULL NAME:** Ricky Brian Gurley

**DATE OF BIRTH:** June 5, 1967

**AGE:** 38

**LOCATION:** Columbia, Missouri

### **QUALIFICATIONS SUMMARY**

I have technical knowledge and experience with a wide array of Operating System Platforms to include DOS, Windows 3.1, Windows 95, Windows 98, Windows ME, Windows 2000, Windows XP, Linux Mandrake (now Mandriva), Linux Redhat (Now Fedora Core), Linux SuSE, Linux Xandros, Linux F.I.R.E., Linux Auditor, and Linux Knoppix.

I have a basic familiarization with server configuration on most Operating System Platforms.

I have management experience with IT Personnel.

I have technical knowledge and experience with email tracing to include header analysis, IPv4 and IPv6 structures, database usage as applies to email tracing, deep internet web searching, and all applicable laws.

I have working knowledge and experience with hard drive forensic analysis, to include acquisition methodologies, authentication methodologies, and medium storage methodologies to meet judicial evidentiary standards. I have a technical knowledge of Encase, Sleuthkit, Autopsy Forensic Browser, and VMWare.

I have a working knowledge of UNIX applications, UNIX shell accounts, and the UNIX command line interface.

I have a working knowledge of Command.Com (the command line interface for DOS).

I have technical knowledge and experience with Internet Profiling to include validation techniques, data integrity standards, and report construction.

I have technical knowledge and experience with penetration testing to include an understanding of Metasploit, Nessus, LANguard, Auditor, Shadow Security Scanner, MS Baseline Security Scanner, and manual server and computer exploitation.

I have technical knowledge and experience with surveillance equipment and methodologies to include operating 35mm camera, digital cameras, HI8 video recorders, DV video recorders, Mini DV video recorders, Flash Card Storage, and Mini DVD Video recorders.

I have fourteen (14) years of surveillance experience to include Fugitive Surveillance, Domestic Surveillance, Still and Mobile Surveillance Techniques.

I have a great deal of experience with and a high degree of technical knowledge on personal and proprietary database systems to include an understanding of culled information, data verification and data integrity procedures, information framework and structure, and information sources.

I have an in-depth mastery of social engineering and the legalities of social engineering.

## **RELEVANT ACCOMPLISHMENTS**

I was the first Fugitive Recovery Agent to ever track, locate, and apprehend a fugitive by using the fugitive's email address in 1994 **BEFORE** Email Tracing was considered an investigative technique.

I was the first Investigator to utilize Internet Profiling to gather information on fugitives to enhance the ability to track and locate fugitives in 1994 **BEFORE** Email Tracing and Internet Profiling were being used openly by the private sector.

I located one of the F.B.I.s wanted fugitives in less than one day (this fugitive had been wanted for over one (1) year).

I consulted to a Special Agent for the U.S. Secret Service on the loopback interface, and how it can be used to make an email appear to be anonymous.

I located a missing child for an out of state client in less than sixty (60) hours and recovered the child from the non-custodial parent in less than two (2) weeks.

## WORK EQUIPMENT

### **Three (3) state of the art company computers**

One (1) Desktop Linux Box running Linux Mandrake 10.2 2005 with a 2.8 GHz AMD Processor, 1,500 MBs of RAM, 240 GB of Storage used as an all purpose computer.

One (1) Sony Vaio VGN-FS640/W running Windows XP Professional with a 1.60 GHz Intel Pentium M Processor utilizing Centrino Technology, 512 GB of RAM, 75 GB Hard Drive with built in 802.11bg Wireless Card, CD and DVD Burning Capability used as a light weight, portable field computer for administrative tasks, storage tasks, cyber investigations, and network analysis.

One (1) Toshiba Satellite P35-S611 running Windows XP Professional with a 3.33GHz Intel Pentium 4 Processor supporting Hyper Threading Technology, 512 GB of RAM, 100 GB Hard Drive with built in 802.11bg Wireless Card, DVD SuperMulti Drive used as an all purpose mobile computer for administrative tasks, storage tasks, cyber investigations, and network analysis.

RMRI, Inc. has a full array of Personal and Proprietary Information Databases that have been accumulated and/or built over the past decade. These databases are kept current and up to date.

Two (2) Routed, Untraceable, "Off the Radar" phones for security and privacy.

One (1) Panasonic KX-FB421 Fax Machine, Scanner, and Color Copier.

One (1) Hewlett Packard 5510v Fax Machine, Scanner, Color Copier and Printer.

One (1) Konica Minolta DiMage Z1 Digital Camera with a 10x Optical Zoom and a 40x Digital Zoom.

One (1) Panasonic PV-DV52D Mini DV Camcorder with a 20x optical Zoom and a 700x Digital Zoom.

One (1) Sony DCR-TRV260 with a 20x Optical Zoom and a 990x Digital Zoom complete with Night Shot+ Capability.

One (1) Hitachi DZ-MV550A NTSC Mini DVD Camcorder with an 18x Optical Zoom and a 500x Digital Zoom.

One (1) Olympus Stylus 35mm camera with built in zoom for quick shot photos under covert conditions.

RMRI, Inc. has a full array of Bail Enforcement Gear to include several pairs of handcuffs, stun baton, OC pepper gas, and seven (7) mile radius communicators for a four (4) man team, tactical vest and entry tools.

## **HOBBIES**

I enjoy the martial arts with an emphasis on Brazilian Ju Jitsu, Vale Tudo, and Muay Thai.

I enjoy training my dog. I have a six (6) month old Doberman Pinscher named R Ts Xena Kazan or just Xena for short which is AKC Registered, and is show dog quality at the time of the writing of this resume.

I enjoy playing the game of chess.

I enjoy working with computers; I have a passion for it. I enjoy exploring the Internet. I rebuild computers, "tweak" computers for friends, and I enjoy making local modifications on my Linux Box.

## FAVORITE QUOTES

"Oh divine arts of subtlety and secrecy!

Through you we learn to be unseen. Through  
you we learn to be unheard; and hence we hold  
the fate of our enemies in our hands....."

Sun Tzu 500 B.C. "The Art Of War"

It is not the critic who counts,  
not the man who points out how the strong man stumbles,  
or where the doer of deeds could have done them better.

The credit belongs to the man who is actually in the  
arena.... who strives..... who spends himself and who,  
at the worst, if fails, at least he fails while daring,  
so that his place shall never be with those cold and  
timid souls who knew neither victory or defeat.

Theodore "Teddy" Roosevelt
